PROJECTS

Shopping website

Designed and developed a fully functional shopping website from scratch using HTML, CSS, and JavaScript. Implemented features such as product listings, shopping cart functionality, and secure checkout process. Ensured intuitive user interface design and smooth navigation throughout the website.

Blogging website

Designed and developed a blogging website from scratch using HTML, CSS, and JavaScript, providing users with an intuitive and visually appealing platform to create and share content.

Travelling website

Designed and developed a travel-centric blogging website, incorporating HTML, CSS, and JavaScript. Collaborated closely with content creators to seamlessly integrate blog posts and multimedia content. Implemented responsive design principles to ensure optimal viewing across devices, enhancing the storytelling experience.
